

Applying for payanywhere

Head to payanywhere.com/prpopcorn to apply for your account. As the head of your Unit, you are responsible for your account. Use your information for the majority of the fields on this page.

The Boy Scouts of America National Council does not permit any regional or local councils, troops, packs, or units to use the National Council's Tax Identification Number (TIN) when applying for a merchant processing account. **You should use your Chartering Organizations (TIN).**

When filling out the second form, Units should not use the Social Security Number of an adult leader. If they do, the IRS will attribute all banking transactions, unit purchases, etc., to that leader as an individual and they will be solely responsible for any tax related burden. Total transactions under \$20,000 do not trigger a 1099. You will need to provide your Social Security Number in the "All About You" section to prove you are a real person.

The screenshot shows the 'All About You' section of the application form. A sidebar on the left contains navigation links: 'Login', 'All About You' (highlighted with a red 'x'), 'Your Business', 'Deposits', and 'Confirmation'. The main content area is titled 'Equipment options.' and includes a mobile card reader icon and a checkbox for 'I already have a free mobile card reader'. Below this is the 'All about you.' section, which includes a heading 'List all owning 25% or more business equity.' and two dropdown menus for 'Owner Title' (set to 'Select "Manager"') and 'Owner Equity Percentage' (set to 'Must use 100%'). A 'Personal Guarantor' checkbox is also present. The form includes fields for First Name, Last Name, Home Address, Suite/Apartment, Zip Code, City, State, Telephone Number, SSN, Date of Birth, and Email Address (with the example 'briana@ruralroute1.com'). A 'SAVE & CONTINUE' button is at the bottom right. A callout box on the left, outlined in orange, contains the text: 'You can give access to others to manage as well, but you must have a primary contact.'

NOTE: Be sure to write down your password. You will use it to log in to the Payanywhere app and Payanywhere Inside.
