Why do some units seem to run more smoothly than others? Why do some teams seem to manage change more effectively than others? Why do some people seem to have the ability to navigate the challenges of a busy schedule without breaking a sweat?

It is not an inherent quality that makes these units, teams, or people effective or efficient. Rather, it is leadership: whether at the personal, team, or organizational level, an individual with a vision; the ability to communicate it clearly; the willingness to let others contribute to it; and the drive to make a plan and work it provide advantages to the organizations, teams, and home to which that person belongs.

If that is the impact you want to have on your Scout unit, on your District Committee, on your work culture, in your faith community, then Wood Badge is where you learn, develop, and hone the skills that make you that leader. Why do we offer Wood Badge?

- **To build stronger Scout units.** You will make your Scouting unit – your children’s unit – stronger.
- **To learn the What and Why of Scouting.** You will gain a deeper understanding of what Scouting is and why we do it.
- **To gain experience.** You will learn and experience things that will stay with you in Scouting and for the rest of your life.
- **To help other groups.** You will make other organizations you belong to – PTA, Church, work teams, your family – stronger and better able to execute their vision.
- **To have fun.** In Scouting, our youth discover themselves and their values through fun, challenging, life-changing experiences while developing relationships that will last a lifetime. Wood Badge is your turn to do the same and capture that fire.

Wood Badge is an immersive course in Scouting Aims and Methods coupled with learning about leadership and team development skills in an active, outdoor environment, with the goal of enabling adults to provide a quality program efficiently that will enable their youth to grow to their greatest potential.

The course covers two weekends: 7:30 am Friday, August 21 - 5:00 pm Sunday, August 23; and 7:00am Saturday, September 12 - 5:00pm Sunday, September 13. The course is open to you if you are a registered adult Scouter current in Youth Protection Training and position-trained in your primary Scouting role. Previous Scouting experience is not required: you are encouraged to attend, whether a Cub, Scouts BSA, or Venture leader. At the conclusion of the two weekends you will develop a set of five goals and work with a counselor to complete them within the next 18 months.

You can make a difference.

2021 National Jamboree

July 21-30, 2021

Face The Challenge

The truth is that young people can achieve more than they believe is possible. Scouting uniquely prepares its members to redefine their boundaries, push past them and emerge from the experience with the confidence that no matter the challenge, they can meet it.

Nothing is impossible for the prepared young person — no future is out of reach for a group of committed people who care.

It's important to signal that the limits people perceive are self-imposed, and that with an embrace and application of the 12 points of the Scout Law and three points of the Scout Oath, there is a bright and positive future.

Participants in the 2021 National Jamboree will learn that character is created when you achieve more than you thought possible.

Pack 3880: Putting the Fun in Fund Raiser!

I worked on what was probably the ugliest pinewood derby car of the field diligently for at least an hour, and headed out to get it weighed and tested on the track Saturday morning. It was all about the fun of making a car and meeting new folks Saturday night until Cubmaster Pete Christy said, "did you see the adult trophy?" There IT was. IT was BEAUTIFUL! Oh no, I felt the need to compete welling up and tried to squelch it to no avail. Are you kidding me?? I'm old as dirt. This cannot be happening. Shoot! I took the car back home, checked the wheels one last time, stained a lace tablecloth on the dining room table with more graphite (I can't imagine what I would have done to a kid that did that), and headed back to the Lions Club that evening. When I got there, the fun was already underway, and there IT was again! Gold and Shiny, weighing at least 40 lbs, was the BEST EVER PINEWOOD DERBY TROPHY. Cub Parent Mitch, you are so creative!

Well, I didn't win the trophy; but I did place third. I took a picture of the screen that showed me in third place so I could brag on facebook and satisfy my grandkids.

The \$25 registration fee each of the adults paid to run a car, have a few drinks (non-uniform event, no kids under 21), and blow off steam before the big derby on Sunday, paid for a timing system to go with the wood track that was gifted to the Pack from another pack that had upgraded. A scout is thrifty!

Pack 3880's story is a good one now, but wasn't always. A few short years ago, the pack was down to about 7 kids when the Christy family joined the pack. Spring and Fall recruitment had fallen by the wayside and it didn't take long to dwindle to almost nothing. Pete and Company participate in both Spring and Fall Recruitment.

Cubmaster Roger Baker from pack 3841 will tell you that cub scout and volunteer membership is a revolving door. Keep recruiting as kids & parents come and go. Scouts, BSA troops depend on healthy packs to prepare scouts to be a part of a troop. We all depend on young people with Scout values to secure our future.

Thanks to all of you for all you do to brighten our future.

Yours in Scouting
Sandi

PS: you should have seen the look on Pete's face when the winner of the trophy (Bill B.) thought it was too cool to be a one-off and offered to make it a traveling trophy. Pete's first words? Uh... we're doing this again next year?
Of Course We Are!!
