

Attention Zomb-Weed Hunters !!!

- ♦ If you're a Scout in need of Service or Conservation Hours;
- ♦ If you're craving Halloween candy but can't Trick-or-Treat;
- ♦ Or you're too "ghoul" to trick-or-treat...

This is an "Eerie-sistible" opportunity for you!

The UWO Fox Cities Community Garden at 1478 Midway Rd. Menasha, WI, has been overrun by monstrous "Zomb-weeds" and the conditions are awfully Frightening! Many of the garden plots went fallow this year because most families couldn't plant in the spring due to the shelter-in-place order. The Community Gardens are looking for brave volunteers to hunt these insidious "Zomb-Weeds" for a few hours on Saturday, 10/31/2020 (Halloween) to "Boo-tify" the Community Gardens.

In addition to exorcising the "Zomb-weed" Horde, we will also be picking up litter, and (weather permitting) painting the "crypt" (shed). This Service Opportunity will be held between 8:30 AM and 12:30 PM. There will be a check-in/check out station you'll need to use to get credit for your Scouting or University program. Ending at noon should give volunteers with afternoon/evening Halloween events the ability to hunt "Zomb-Weeds" without interfering with their haunts later in the day.

Please Don't Forget to Bring the Following Hunting Supplies:

- ♦ Face Masks are required;
- ♦ Work gloves for this "undertaking";
- ♦ and labeled water bottle so you don't dry up like a mummy!!!

Costumes (which can be worn safely and comfortably while working) are not required but all the "ghoul kids" will be doing it! Have fun with this but please...keep it family-friendly,
thanks!

There will be zero tricks and lots of treats!

Zomb-Weed Hunters Volunteer Here!

Please Note: If you can't carve out time on Halloween to join us in the "Zomb-Weed" Hunt, but are dead-set on helping, we are still looking for volunteers in the interim to assemble (following COVID Best Practices) a bunch of "spook-tacular" goody-bags filled with Halloween Candy as a sweet reward for participants. Please email Dan Skrypczak at dskrippy@gmail.com
