Distribution Day April 20th

- Meet at your “assembly location” early enough to distribute the collection bags to the adults/Scouts and review procedures:**
- All Scouts should travel in groups of two or more using the “Buddy System.”**
- Have enough vehicles for the number of Scouts participating and the area to be covered.**
- Keep Scouts safe! Exercise extreme caution when crossing the street. Cross only in approved crosswalks. Use driveways and sidewalks (do not walk on lawns or through flower beds).**
- Leave bags on doors/door knobs ONLY. Do not enter homes or apartment buildings!**
- Do not leave bags where “No Solicitation” signs are posted.**

April 20th continued

- **Do not place bags in mailboxes or on the mailbox flag or on the mailbox post. It is illegal and the post office will remove them. Do not place them in newspaper boxes either.**
- **Cover your entire area.**
- **Practice attaching collection bags to doors. Try to put it on the door in such a way that it can be easily removed but not be blown away by the wind.**
- **Vehicles should stay as close to the Scouts as possible. It's important for adults to be on the streets to assure the Scouts safety.**
- **Have a plan to remind the Scouts and adults a day or two before. Remind the Scouts to wear their uniforms.**

Collection Day April 27th

- **Meet again at your “assembly location” early enough to review the plan for the morning.**
- **Start collecting food donations after 9:00 a.m. Do not begin collecting before 9:00 a.m. Plan to finish by 11:30 a.m.**
- **Cover all houses in the same area in which your unit distributed the collection bags. Make a second run through.**
- **Continue to remind the Scouts to be courteous - no loud yelling or horseplay and stay on walkways.**
- **Deliver food to collection agency between 10:30 a.m. and 12:00 p.m. A collection site will be assigned to each unit.**
- **At the collection agencies, volunteers will need your help unloading food and may need your help boxing. Please be prepared to help them.**
